FILE HEADING.

Scales of grants to District Libraries.

From

The Secretary, Economic Conference.

No. 2836 Dated 18th Dec. 1916 Received

Diary No. 3/28	Enclos. 2 Spare Copies.	Serial No. 18

BRIEF ABSTRACT OF LETTER.

Forwarding for orders of Govt. Copy of letter dated the 7th Dec. 1916, from the Secretary, Education Committee, enclosing copy of resolution of the Committee regarding the Scales of grants to Dt. Libraries.

NOTES AND ORDERS.

H. ~~No. 2837—16~~

The Committee recommends, for libraries started at Dt. HQ quarter towns other than Bangalore and Mysore, a lump sum grant not exceeding either 50 per cent of the collections or Rs. 500/-, whichever amount be smaller, and a monthly grant of 25 per cent of the collections or Rs. 25/-

NOTES—First Sheet.

Serial No.

which ever amount be smaller. The Committee has not suggested any rules to regulate the above grants. A Scheme for the working of taluk and Dt. libraries was called for from the Secretary Education Committee who in his letter dated the 17th Aug. 1916 stated in reply that the subject has been specially assigned by the Committee to Mr. Hamza Hussain and that his note is awaited. The Secretary may now be asked to state in what stage the matter is and to submit a full and detailed scheme at an early date for orders of Govt.

Development of Libraries.

It is intended to make the development of Libraries one of the important features of the Education Committee's work during the current year.

2. Government have kindly included a sum of Rs.48,000 in the current year's budget for the purpose.

3. It is very necessary that orders should be passed immediately on the several proposals of the Education Committee in this matter, which are now before Government.

4. The several communications in which the recommendations on the subject are contained have got a little mixed up in the files but the points requiring orders are given below: For the sake of convenience, minor points or those which are not urgent and which may be taken up separately are omitted.

(a) Approval of the rules for (1) District Libraries and (2) Taluk Libraries forwarded with Education Committee's letters of 7th December 1916 and repeated in letter dated 10th March 1917.

(b) Approval of the resolution of the Education Committee communicated in Education Committee's letter dated 10th March 1917 regarding

1. The creation of a separate library department under the Education Committee.

2. Construction grants for District and Taluk Library buildings.

3. Training of a Superintendent of Libraries on Rs. 200-300

(c) Appointment of Mr. Bhasker on Rs.150 per mensem on probation for one year for Library work (Secretary of the Education Committee's letter of 2nd May 1917)

Flag B

5. As regards (a) the only important point requiring orders of Government is the amount of Government grant for Libraries at District and Taluk headquarters.

For the former an initial grant not exceeding 50 per cent

of the amount locally raised and also not exceeding Rs.500 is proposed as also a recurring grant not exceeding 25 per cent of the local subscriptions and also not exceeding Rs.25 per mensem.

For Taluk libraries an initial grant not exceeding the amount locally raised and also not exceeding Rs.100 is proposed as also a recurring grant not exceeding 25 percent of local subscriptions and not exceeding Rs.15 per annum.

The suggestions regarding District Libraries are reasonable and may be sanctioned. About Taluk Libraries, the recommendations of the Committee are quite inadequate. The maximum monetary limits may be raised to Rs.250 for the initial grant -- and Rs.15 per mensem for the recurring grant.

6. As regards (b) there can be no doubt that we must eventually have a separate library department under a Superintendent of Libraries. A beginning may be made by appointing a suitable man on probation who will, in the first place be associated in all work concerning Library organisation and development with the Secretary, Education Committee. Later on, he will be sent for training to Baroda as well as to foreign countries.

About building grants, the recommendation of the Committee is that for District and Taluk Library buildings, Government may give half the cost if the other half is contributed by private persons and local funds. This may be approved.

7. As regards (c) we must regard an Edinburgh M.A., and a Barrister-at-Law very cheap at Rs.150. I have seen Mr.Bhaskey and he is likely to make a very good Superintendent of Libraries. He has seen some of the large Libraries in the United Kingdom. He is a Mysoresubject and his appointment may be approved.

8. There is a very large amount of work in connection with Libraries which requires urgent and immediate attention. About 112 rural Libraries have been established during the last two or three years and they will have to be systematised and made

Eou: 1-16

14 16

permanent. The existing libraries at District and Taluk Head-quarters will have to be improved and new libraries started in those centres. The travelling library scheme must be put into operation. The City libraries will have to be developed, and branch libraries will have to be opened in all the Mohallas. All this work cannot be taken up and developed without a whole-time Officer. The pay of the Officer is only a small part of the amount provided for in the Budget for Library development.

9. I earnestly request that this matter may be considered at the next meeting of the Council and orders passed without further dealy.

36) The general recommendations regarding the library movement have got mixed up in the three files below.

37) I have prepared a consolidated note summarizing the points for orders. This is placed below. It may usefully be considered at the next meeting of the Council.

M
29.7.17

Dewan

595
31.7.17

38) *The proposals regarding grants to District and Taluk libraries seem suitable and may be approved.*

39) *The creation of a library department and the appointment of an officer thereto may perhaps wait till we have a larger number of District and Taluk libraries.*

A { 40) *The papers may be brought up at the next meeting of Council with a definite statement of the financial liability involved in the whole scheme during the next three years.*

41) *It is presumed that the grants will be given only to newly started libraries and that the yearly grant will be limited to 5 years.*

13.9.17. RC

42) Transferred to Educ Secy with compliments for

NOTE—Contn. sheet.

Serial No.

action as at A in the Dewan's minute.

43) As regards a definite statement of financial liability involved, it is difficult to give exact -- figures, because the amount will depend on the local contributions. For District Libraries, the initial grant will be Rs.500 or 50 per cent. of local contributions whichever is less; for Taluk Libraries Rs.250 or the amount locally raised, whichever is - less. Similarly as regards recurring grants, they will be Rs.25 and Rs.15 per mensem respectively or 25 percent. of local subscriptions whichever is less.

44) Taking the number of Taluk Libraries at 60 and the District Libraries at 6, and assuming that the full amount of local support will be forthcoming, the cost will be as shown in the attached statement (flagged D).

45) In the Budget for 1917-18 a sum of Rs.31,000 is provided for (1) District and Taluk Libraries and (2) Portable Libraries. (Vide foot-note on page 53 of the Budget) Out of this Rs.15,000 is allotted for District and Taluk Libraries, and this is the amount shown in the statement as the amount required for 1917-18. For the two subsequent years full requirements are shown. As State contributions of Rs.500 and Rs.250 are not adequate for well-equipped District and Taluk Libraries, these lumpsum grants are intended to be repeated in the next two years for improvements.

46) I very earnestly request Government to sanc-

NOTE—Contn. sheet.

Serial No.

sanction temporarily the appointment of a Superintendent of Libraries as recommended by the Education Committee. The necessity is explained in my note of 30th July 1917. (Flagged M) It is admitted that a Superintendent will be required after the Libraries are organised; the services of a hand are much more necessary during the period of organisation. The appointment may be sanctioned temporarily till the end of the current financial year, on the distinct understanding that it will be discontinued, if sufficient progress is not shewn. Baroda has got two highly paid Library Officers-- We are asking for only one, on a pay about one-fourth that of either of the Baroda Officers.

47) With such an Officer and the modest grants such as those included in this year's budget and those shewn in the attached statement (flagged R) I can promise within a reasonable time

(a) Decided improvement in the working of the City Libraries.

(b) Decent public libraries at all District headquarters.

(c) Decent public libraries at all Taluk headquarters.

(d) Proper supervision and control of Rural libraries (number to be about 200 by the end of this year and 500

Submitted to His Highness.

The Education Committee have submitted proposals for developing the scheme of public libraries and the salient features of the proposals are -

(1) a definite scale of grants towards the equipment and maintenance of the libraries as detailed below -

	District Libraries.	Taluk libraries.
Initial or equipment grant.	50% of local contributions or Rs.500, whichever is less.	Amount not exceeding local contributions or Rs.250 whichever is less.
Recurring or maintenance grant.	25 % of local contributions or Rs.25 per mensem whichever is less.	25 % of local contributions or Rs.15 per mensem whichever is less.
Building grant.	Equal to the contribution raised.	Equal to the contribution raised.

(2) creation of a separate Library Department under the Education Committee.

(3) appointment of a Special Officer for organizing Library work.

(4) instituting travelling Libraries.

(2) The matter was considered in Council who are of opinion that the proposals regarding grants enumerated in (1) above, may be approved and that a Library organizer on a pay not exceeding Rs.200 per mensem may be employed by the Education Committee till the end of June 1918.

(3) The resolution of the Council may be approved. The concessions may be in force for the present for a period of 3 years.

Secretary to Government,
Departments of Education & Agriculture,
Bangalore.

SIR,

With reference to your letter No.5476/Edn.1-16-24 dated the 19th January 1917 in the matter of the submission of a scheme for opening Libraries and Reading Rooms at Taluk and District Head-quarters and other large towns - a subject on the programme of this Committee for the current year which had been assigned to Mr. Humza Hussain for special study-, I am directed to enclose a copy of the resolution passed at the meeting held on the 24th February 1917. The subject of Travelling Libraries has been dealt with in the Chairman's note on the Development of the Public Library in Bangalor which was discussed at the meeting of this Committee held on the 25th January 1917 and resolutions passed by them were communicated to the Secretary, Mysore Economic Conference, with this office No.2844 dated the 30th January 1917, copy of which enclosed.

The rules for grants to Taluk and District Libraries, as alread submitted in this office No.2188 dated 7th December 1916 are again drafted separately and enclosed herewith.

As explained in the note submitted by Mr. Humza Hussain, of which a copy is enclosed, the scheme will cost about Rs 8,224. The details are given below:-

I.

		Per Annum
I. Librarian 200-$\frac{10}{1}$-300. Average cost per mensem	R$ 262.	R$ 3,144
II. 2 Assistant Librarians (1 male & 1 female) 50-$\frac{5}{2}$-75. Average cost per mensem	R$ 134	
2 Peons on R$ 8 each	16	
Contingencies	5	
	R$ 155	
or R$ 1,860 per annum. Therefore for two Libraries		3,720
Lumpsum grant at the rate of R$ 500 for each		1,000
III. Pay of the clerk on R$ 30 per mensem in the Office of the Education Committee to deal with the correspondence and account work of this Library department		360
	Total	8,224

I am to request that necessary sanction of Government may be kindly accorded for the scheme being given a trial and that necessary funds may be provided under the Head Miscellaneous Department in the next year's Budget.

I have the honour to be,

Sir,

Your most obedient servant,

Mahamanya Lee

Secretary.

THE MYSORE ECONOMIC CONFERENCE,

Education Committee.

Extract from the proceedings of the meeting of the Education Committee held on the 24th February 1917.

Subject: A scheme for opening libraries and reading rooms at Taluk and District Head-quarters and other large towns and scheme for Travelling Libraries.

Mr. Hunza Hussain's scheme was discussed. It was resolved that it be passed with the following modifications:-

(a) That a separate department be constituted as the Library Department and that it be placed under the control of the Education Committee of the Economic Conference, the necessary additional clerical establishment also being provided.

(b) That the construction of buildings in Taluk and District Head-quarters and important villages be encouraged by Government by contributing 50% of the total cost, if the people contribute 25% and the District Boards and Municipalities, the remaining 25%.

(c) That a graduate be trained in India for the work of the management and that he be given a salary of Rs 200-300.

(d) That Government be requested to construct a gallery in the Library halls at Mysore and Bangalore to provide accommodation for the ladies sections.

All Conference bulletins may be supplied free of cost.

10/3/17 ---------- N. Subramanyam

W 117 99

N O T E.

In accordance with proceedings No.775-825/Edn.305-10-22, dated 20th July 1914, two Public Libraries have been started in the State, the one at Bangalore and the other at Mysore and in their proceedings No.3059/Edn.54-14-47, dated the 4th January 1916, the Government have sanctioned the establishment of rural Libraries. The two Libraries at Mysore and Bangalore are working for the last two years and rural libraries are in course of formation. The Libraries at Mysore and Bangalore are not managed by men who are trained in the art of the Library Administration. In England and America Libraries are placed in charge of specially trained men and in Baroda a class is attached to the Central Library for the training of rarians and Assistant Librarians. Since a large expansion the number of Libraries is to be expected in course of a ort ime, it is necessary to constitute a separate depart- al with these institutions and place it under the rol of a specialist. It has been proposed by the Educa- Committee to incr-ease the pay of the Librarians of the re and Bangalore Public Libraries to R^s 75 rising to R^s 120, present pay being R^s 35 in case of Mysore and R^s 50 in of Bangalore. But in the proposal submitted no provi- s made for the training of these men. In the memos ed by me, and Mr. Quinton Anderson proposal was made ting an educational officer to Europe or America to be up to-date methods of Library management. But the s deferred for consideration at some later date. ved now, I think, for reviving that proposal. of an expert are needed more at the time of the nisation of the department than after the department ed and is placed in working order. For in Baroda, the services of an American e

branch of the Library work depend. entirely upon

ision of the Kannada Literature. In Baroda, there

e nearly 40,000 volumes of Maharatti works stocked in the

Central Library and it is only these books that are chiefly

distributed. This work may stand over for some time to come.

TRAINING OF LIBRARY ASSISTANTS.

This work can easily be undertaken if, as proposed, a

Libra. A trained in England or America is placed in charge

of the Libraries. He can in addition to supervising the

work of the Libraries be in charge of the training class.

My proposals then may be briefly summarised as follows:-

(1) A graduate of some standing in the Education Department may be sent to America or Europe to receive training in the modern system of Library management and that on his return a separate department for Libraries alone may be constituted and he may be placed in charge of the same.

(2) Steps may be taken at once for providing lecture halls to Mysore and Bangalore Libraries so that the two Library Committees may organise courses of lectures and necessary funds may be allotted for furnishing the lecture halls.

(3) Two male teachers and two female teachers may be deputed to Baroda to undergo a course of training in the management of the juvenile section of the Libraries and on their return juvenile Libraries maybe started one at Mysore and the other at Bangalore, one male teacher and one female teacher being allotted to each of the Libraries under the designation of Assistant Librarians. They may be given a of Rs 50 rising to 75 by biennial increments of Rs 5. peons on Rs 8 each may also be given. A sum of Rs 500 be allotted for equipment and a sum of Rs 5 a month for contingencies.

University, provision is made for the employment of Librarians for the Colleges at Mysore and Bangalore who have received special training in Europe or America. The Bombay University Library is in charge of a specialist who has received such training in England. It is necessary now to send a young and intelligent graduate in Arts to America or Europe to undergo a course of training for a period of one year and after his return he may be placed in charge of the department of Libraries under the administrative control of the Inspector-General of Education or the President of the Education Committee of the Economic Conference. He may be given a pay of R. 200 rising to R. 300 by biennial increment of R. 10.

The Libraries at Mysore and Bangalore consist of the following sections:-

A news paper room,
A reference Library, and
A lending Library.

The other adjuncts of a modern Library in England and America are:-

"(1) Courses of Lectures.
(2) Book Exhibitions.
(3) Work with children.
(4) Provision of the books for the blind and foreign residents.
(5) Travelling Libraries.
(6) Education of Library Assistants."

None of these activities are now undertaken by any of the Libraries at Mysore and Bangalore. These Libraries are located in buildings ill-suited for them and the accommodation is so limited that there is no room for expansion.

COURSES OF LECTURES.

The Library Committees at Mysore and Bangalore can easily organise a course of lectures, but there are no lecture halls attached to these Libraries. I cannot say what facilities exist in the Seshadri Memorial Hall f

at Bangalore with a Lecture Hall, but such facilities exist in Mysore. There is a spacious hall in the first floor of the Chamarajendra Technical Institute attached to the Library and this may be handed over to the managing Committee of the Mysore Library for being used as a lecture hall and may be fitted up at a cost of Rs 2,000.

BOOK EXHIBITIONS.

Book exhibitions are in a way held by the Education Department now and then in connection with the Dasara festivities, but it will take some time before regular exhibitions can be held in connection with the Libraries.

WORK WITH CHILDREN.

'Work with children' can be undertaken and a note upon the subject has been circulated by the President of the Education Committee. It is necessary that a competent man speciall trained in the subject should be in charge of this institution. The work cannot be entrusted to untrained and unskilled hands. Two male teachers and two female teachers from the Education Department may be deputed to Baroda to learn the system and on their return they may be entrusted with the task of opening the juvenile sections at Bangalore and Mysore, one male teacher and one female teacher being assigned to each of these places. They may be designated Assistant Librarians and may be given a pay of Rs 50 rising to 75 by ~~ben~~ biennial increments of Rs 5. A suitable building at Bangalore may be hired and another building at Mysore may also be hired, if the hall in the Chamarajendra Institute cannot be handed over to the Mysore Library.

PROVISION OF BOOKS FOR BLIND AND FOREIGN RESIDENTS.

This is too early to be taken up, may be taken up some time hence after our Library system is well organised.

TRAVELLING LIBRARIES.

contingencies. The recurring expenditure on this account will be as follows:-

Two Assistant Librarians (1 male and 1 female) at R^s 50 a month	...	...	R^s 100
Two Peons at R^s 8	...	...	16
Contingencies R^s 5	...	...	5
			R^s 121
For two Libraries			R^s 242
Lumpsum grant R^s 500 for each Library.			
For two Libraries			1,000

A Ladies' section may be usefully added to these Libraries. Books and Magazines specially devoted for the instruction and advancement of women may be subscribed for, as also Journals and Magazines relating to such subjects as knitting, sewing, drawing, painting, music, domestic economy and Home Industries. A small Library consisting of the books on the above subjects may also be provided for them.

Travelling Libraries.

No. 7930-41—Edn. 1-16-114, dated 8th February 1918.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 4 of Government Order No. 5520-31—Edn. 1-16-14, dated 8th December 1917, stating that separate orders will issue on the scheme of travelling libraries.

Order No. 7930-41—Edn. 1-16-114, dated 8th February 1918.

The Secretary to the Education Committee of the Mysore Economic Conference states that the main outlines of the Scheme of Travelling Libraries are—

(1) to supply the President of each of the District Committees with as many sets of 'travelling' libraries as there are taluks in his district for circulation among the several villages in each of them ;

(2) each section of a travelling library is to cost Rs. 50, so that the price of one complete library will be Rs. 200, provision being made at the same time for the sale of the libraries to such of the villages as may desire to purchase them at a concession rate.

2. The scheme as proposed by the Education Committee is sanctioned, for a period of one year for the present. The rules for working out the scheme and the provisional lists of books and forms submitted by the Education Committee are tentatively approved and appended to this order.

3. The cost during the current year will be met from the provision made for the purpose in the Education State Funds Budget.

4. A report should be made three months before the expiry of the year for which the scheme has been sanctioned as to how it has been working and whether it may be continued for a further period and, if so, whether any modifications are necessary in the original scheme.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Secretary, Education Committee in Mysore.
The Secretary, Economic Conference in Mysore.
The Comptroller, Government of Mysore, through Branch II.
The Inspector-General of Education in Mysore.
The Deputy Commissioners of Districts.
PRESS TABLE.

Exd.—C. R.

No. 7930-41—Edn. 1-16-114, dated 8th February 1918.

MYSORE ECONOMIC CONFERENCE.

Education Committee.

RULES.

Nature of Travelling Libraries.

The Library equipment would consist of (*a*) a book-shelf of suitable pattern, (*b*) 100 selected Kanarese standard works, (*c*) a sign-board containing the words "Travelling Library" in English and its equivalent in Kanarese, (*d*) a register including a catalogue of the books contained in the Library with spare pages for memoranda, (*e*) a set of rules in Kanarese suitably mounted for being hung up.

(2) For the present, only one set of 100 books will be provided for each Travelling Library. Travelling Libraries containing different sets of books will be provided later on.

Number and Distribution.

(1) Each District Committee will be supplied by the Education Committee with as many Travelling Libraries as the district has taluks.

(2) Ordinarily one Travelling Library will be placed by the District Committee at the disposal of each Taluk Progress Committee within the district for circulation in the taluk concerned. But District Committees will have power to depart from this rule according to necessity.

(3) As the scheme develops, more Travelling Libraries will be supplied to each district, so that a number of libraries may be circulated in each taluk.

Working.

(1) The scheme will be controlled by the Education Committee. A Sub-Committee will be appointed to deal with all questions relating to Travelling Libraries.

(2) The District Committees will be responsible for the custody, upkeep and proper use of the Travelling Libraries entrusted to them and for the working of the scheme within the district.

(3) Detailed rules and programme of the circulation of libraries will be laid down by the District Committee, or under its direction by the Taluk Progress Committee.

(4) Ordinarily each Travelling Library should circulate during the course of the year amongst six villages in the taluk, remaining in each place for about six weeks to two months.

(5) The District Committee should make arrangements for a responsible person being always in charge of each Travelling Library. Every transfer of charge should be recorded in the register provided. The Schoolmaster, the Shanbog or any other suitable person may be placed in charge of the Travelling Library as long as it is located in a particular village.

(6) The cost of circulating the Library amongst villages should be met by the District Committees. If necessary, a consolidated grant for the purpose will be given by the Education Committee to each District Committee.

(7) If any village wants to retain a Travelling Library permanently as a village library on payment, it may be allowed to do so on the price being remitted to the Education Committee. A fresh Travelling Library will be supplied in its place to the District Committee concerned. The Libraries will be sold at concession rates to the villages that wish to purchase them.

Accounts and Reports.

(1) Each Library will have serial number, the series being continuous throughout the State.

(2) Each Taluk Progress Committee should send a report to the District Committee every quarter in a prescribed form about the working of the Travelling Libraries.

(3) Each District Committee should send a report every quarter to the Central Committee in a prescribed form regarding the working of the Travelling Libraries within the district.

(4) The Education Committee will prepare a consolidated report of the working of Travelling Libraries every quarter and place it before the Standing Committee.

(5) Separate accounts will be maintained by the Taluk Progress Committees, District Committees and the Education Committee of all monetary transactions relating to Travelling Libraries. The accounts will be in the form of a simple cash-book, showing receipts on one side and disbursements on the other with full details.
